Harbor Breeze at Patriots Point, Mt. Pleasant

BOG Meeting 11:30am-12:00pm

Chapter Meeting/Lunch 12:00pm-1:00pm

\$25/person

[REGISTER ONLINE](#)

Join us on Tuesday January 14th, 2020 at our next chapter LUNCH meeting!

Presentation Summary:

The topic of the lunch presentation will cover current code requirements and future trends in building codes.

Speaker: Darbis Briggman

Darbis Briggman is a Building Code Enforcement Official with the city of North Charleston. He has also been appointed by the Governor to serve on the South Carolina Building Codes Council.

President's Piece:

I hope everyone had an enjoyable and safe holiday season! We had a great time at our joint MCA/ASHRAE Holiday Party in December.

We are starting off the new year with a lunch meeting where Darbis Briggman will be speaking about current and future trends in building codes. This could be beneficial for everyone, especially local engineers and designers!

If you are interested in getting more involved in ASHRAE, please reach out to me. Thank you again to all of our volunteers and sponsors!

Tim Niles
President

ASHRAE Research Investors

Thank you for your sponsorship. If you would like to support the chapter, please contact the President.

ASHRAE Technology Awards Program

All members are encouraged to submit entries for a technology award. This will be a good advertisement for your company and will help our chapter compete for regional awards.

Building Energy Quotients (BEQ). BEQ looks at buildings before they are built and after they are constructed. BEQ gives a list of low hanging fruit for saving energy. The potential for saving energy is typically 30% as compared with a few years ago.

OFFICER OFFERINGS

Vice President's Voice:

Happy New Year to all of the ASHRAE family. We have set up speakers for January and February, but still have March, April and May available. If you have any speakers you'd like to hear from or topics you would like to discuss, please feel free to contact me directly by email and we will see how we can accommodate your requests while fulfilling our obligations to the Chapter. Looking forward to another great year in the low country!

Bret Allan Turkall, PE
Vice President

Chapter Technology Transfer Committee (CTTC):

Anyone with a refrigeration project should enter it into competition for the Milton Garland award, So far I have never seen anyone in our chapter apply for this award.

Submissions must be sent to the Refrigeration Committee Staff Liaison (morts@ashrae.net) by May 1st to be considered for that year's competition. A copy to me, gene3380@gmail.com, would be appreciated.

For additional information see [here](#).

Gene Brown
CTTC Chair

Research Endowments:

Thank you all that supported RP during the 2019 calendar year.

Entering the second half of our 2019-2020 RP year we are currently at just over 20% of our goal of \$18,500.

Did you know that RP has the following items you can donate to:

1. Research
2. ASHRAE Learning Institute and educational programs
3. Endowed Research via ASHRAE Foundation
4. ASHRAE Scholarships
5. Young Engineers in ASHRAE (YEA) Support

Our spring golf outing will be mid to late March at Shadowmoss Plantation Golf Club, more information to follow on this event.

David Kauffman
RP Chair

Government Affairs Committee (GAC):

Planning is underway for the 2020 Government Outreach Day at the State Capital in Columbia. If you have any contacts in our state legislature, we can reach out ahead of time to make an appointment to introduce the chapter membership!

If you are interested in attending or helping with this event, please let me know. All are welcome!

Pete Conroy
GAC Chair
